In 2021 we started partnership with waste management company PreZero, which close loops with PreZero Polymers. They provide recycled granules from post-consumer plastics, i.e. plastic waste generated by private or commercial end users, as well as post-industrial waste.

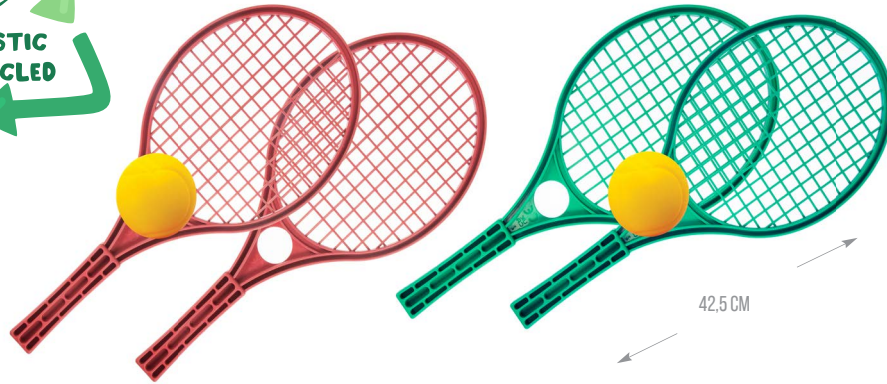

W 2021 roku rozpoczęliśmy współpracę z firmą zajmującą się gospodarką odpadami PreZero, ściśle powiązaną z PreZero Polymers. Zapewniają oni recyklingowane granulaty z tworzyw sztucznych pokonsumpcyjnych, czyli odpadów tworzyw sztucznych wytwarzanych przez prywatnych lub komercyjnych użytkowników końcowych, a także odpadów przemysłowych.

The key to the closed loop: From production to retail and all the way to waste removal and recycling.

Klucz do obiegu zamkniętego: od produkcji do sprzedaży detalicznej, aż po usuwanie odpadów i recykling.
